

North Natomas Little League & District 6 Little League are excited to be hosting Challenger League!

Spring Season: February 10 through June 6

Cost: \$50 per player

Practices and Games will be held at North Natomas Regional Park

Games will be on Saturdays from 12-2 on Field 1

The fundamental goal of the Little League Challenger Division is to provide an environment where participants can learn and enjoy the game of baseball in an environment structured to their abilities. The Challenger Division can best be described as “adaptive baseball” for children with special needs and gives every child the opportunity to participate in the sport regardless of ability or limitations.

Buddies are provided (current or former NNLL players) and are used to assist players in the areas of batting, fielding and base running when necessary. In addition to assisting players, buddies should also help teach players baseball skills and fundamentals.

Please visit www.NNLL.org to register and for more information. Address verification will be at Heron School on Thursday, Feb. 13 from 6 - 8 pm or Saturday, Feb. 22 from 9 am - 1 pm. You will need to bring a copy of the registrants birth certificate & a school enrollment form or proof of address.
