

# Preschool

Give your child a jump start on general education at F.E.C.'s hands on preschool program. This popular class gives your child valuable lessons in health and safety, as well as introducing numbers, letters, shapes, rhyming, concepts, patterns and colors. Children have the opportunity to participate in games, music, art, story-time, science and field trips. All of these activities are designed to enhance your child's socialization skills and make future transitions in education easier and more enjoyable. Children must be toilet trained and proof of immunizations is required.

Program begins September 6, 2022.

Instructors: Robin Romines / Meghann Burnett  
Location: Cottage Center
